Guardian® Portable Glueboard Fly Traps lure flies and other pesky flying insects with UV black light lamps to sticky glueboards (discreetly placed within the body of the unit); capture and containment is silent. Guardian® Portable Models are equipped with energy efficient ballasts, chrome-plated safety guards, carrying handles, and 6 Ft. (1.83 meter) electric cord with plug. Glueboards are included. Guardian® Portable Glueboard Fly Traps are ideal for use in areas where other insect control devices are inadequate or disallowed due to the proximity of open products and processing areas.

- Stainless steel construction materials
- Move from area to area for temporary protection!
- Place unit on countertop, shelf, or other work surface.
- Wall Mountable or Ceiling Hung
