Jack E. Harris
Insect-O-Cutor
1641 Lewis Way
Stone Mountain, GA 30083

Dear Mr. Harris,

We would like to take this opportunity to congratulate all the employees of Insect-O-Cutor on the 60th Anniversary your company is celebrating. We were both honored and proud to have won your grand prize for the oldest in service unit.

As you are aware, we have eight units in service, which were installed in 1969. Two others are in service from 1975. This is a testimonial to the quality product, which the employees of Insect-O-Cutor produce. This in turn allows our company to deliver quality products to our customers.

The new model 394ET received as the prize will be positioned in the bakery so that our customers and visitors will see our trophy. Once again, congratulations, and we at Ellison Bakery look forward to working with you for the next 29 years or more.

On behalf of the Employees of Ellison Bakery,

John Elward
Plant Engineer
